

Alarm Control Panels

TOUCH ME!

NAVIGATOR

The new face of your alarm system

Navigator Touch Screen Keypad

Ness Navigator Touch Screen Keypad is surely the best looking and most functional alarm interface ever made.

Teamed with the feature-packed new D8x and D16x version 7 panels, Navigator provides both the user and the installer with unrivalled ease of use.

Navigator's self-explanatory operation guides provide you with plain English displays and intuitive touch screen operation.

Navigator's many display screens make it easy to view all your zones *with your own text descriptions*, get help and prompts for arming, disarming, operating outputs, emergency alarms and much more.

Operating your Ness alarm system has never been easier!

Navigator Touch Screen Keypad is supplied with Ness Navigator Series D8x and D16x alarm control panels.

Touch Keypad Features

Beauty, function and security come together...

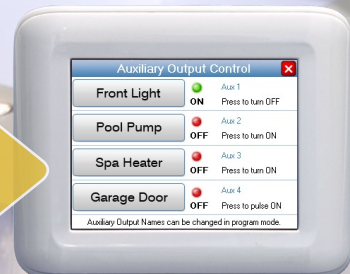

- 3.5" colour LCD Touch Screen.
The easiest to read alarm keypad ever!
- Superb contemporary design.
Clean, crisp design adds elegance to any decor in the home or office.
- Designed for the user with plain English event displays by name.
Add your own text descriptions for your alarm zones, Choose from the built-in library or add your own.
- Dealer Details Page.
Never lose a business card again! Your installer can leave his contact details in your Navigator.
- Advanced English Programming making installation faster and easier than ever.
Navigator makes everyday programming such as changing user codes or timers a breeze.
- Makes Alpha Numeric keypads a thing of the past.
Navigator leaves nothing to guesswork, with no LEDs or LCD Icons to interpret, you may not even need to refer to the manual.
- Join The Touch Screen Age.
Navigator is a true Price-Performance breakthrough offering touch screen technology for not much more than a traditional keypad.
- Designed and manufactured by Ness Corporation, your Australian Supplier.
Navigator is proudly a genuine Australian product - made in our Seven Hills NSW manufacturing facility.

* Navigator Touch Screen Keypad is compatible with Ness D8x and D16x control panels version 7 and later.

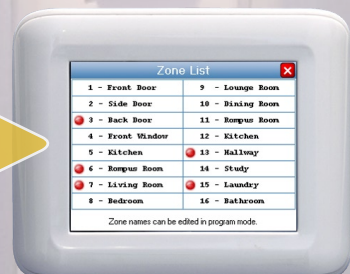

Touch the screen to activate alarms
